VOGIO®

VOGIO SP240

Foldable solar panel

VOGIO Energy line

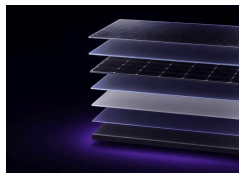

- **240 W** maximum power
- **Monocrystalline cells** high efficiency
- **ETFE coating** UV and dirt resistant
- **IP65** dust-tight, water-resistant
- **MC4 connectors** approx. 3 m cable
- **10.3 kg** foldable, with handles
- **For power stations** PV/DC input

240 W maximum power | **IP65** dust-tight, water-resistant | **10.3 kg** foldable, with handles

Monocrystalline cells

ETFE protective layer

MC4 connectors

Energy that follows you – camping, campervan, garden, field work.

Technical specifications

Parameter	Value
Model	VOGIO SP240
Device type	foldable portable solar panel
Maximum power (Pmax)	240 W
Cells / laminate	monocrystalline / ETFE
Section layout	4 × 60 W, parallel connection
Vmp / Imp	19.47 V / 12.40 A
Voc / Isc	23.40 V / 13.40 A
Unfolded dimensions	2430 × 630 × 25 mm
Folded dimensions	595 × 630 × 65 mm
Cable	approx. 3 m, MC4 connectors
Protection rating	IP65 – dust-tight, protected against water jets
Weight	10.3 kg
Application	charging power stations and devices with PV/DC input
Warranty	24 months, service in Poland
Compliance	CE, RoHS

Values measured under STC; actual output depends on sunlight, angle and temperature. Photos are for illustration only.
